Information for Our Subscribers

THE current issue cannot be furnished later than the 5th of the month of issue.

We cannot begin a subscription with a back number, as we print only sufficient copies for our paid subscription lists, and, therefore, the edition is exhausted on the date of publication.

If a renewal for a name already on the list is received before that subscription has expired, the entry will be made continuous; if received after expiration, it will begin with the issue current at that time.

Our mailing-lists are prepared four weeks in advance; therefore, a notice for a change of address should reach us at least four weeks before the date on which the change is to take effect; that is, a change for the January issue should reach us not later than November twentieth, as that publication is mailed on December twentieth.

Very truly yours,

If you wish to refer to this order again, don't fail to give us the following information:

1. Date given above.
2. Amount given above.

4. Name and address of subscriber.

READ CAREFULLY

IF FIRST COPIES OF ALL PERIODICALS are not received at same time, it means that some publishers are more prompt in mailing first copies than others are.

IF SUBSCRIBER DOES NOT RECEIVE HIS PERIODICAL beginning with issue ordered it does not necessarily mean publisher has not received the subscription, but that edition of that particular issue is exhausted, and publisher will begin subscription with the first copy he can send. Publishers usually limit editions to about the exact number of copies actually needed to fill their subscriptions and news-stand orders, therefore

RENEWALS SHOULD BE SENT IN TIME to reach publisher at least a month before he mails last copy on previous subscription, otherwise the renewal has to take the same routine course as a new subscription, and be re-entered on publisher's books which may result in subscription not being in time to prevent loss of one or more numbers between the old and new subscription. Some publishers cannot begin subscriptions with any back number.

RENEWAL NOTICES ARE SENT BY PUBLISHERS at expiration of subscription to remind subscribers that a renewal has not been credited to them up to the time of writing but if renewal has been sent in the meantime no further attention is necessary.

CHANGES OF ADDRESS SHOULD BE MADE IN TIME to reach publisher by first of month preceeding issue desired at new address. Always give publisher both old and new address in full. Most publishers write or print their wrappers about 30 days before mailing, and no change can be made effective with an issue for which this addressing has been completed. For copies not received at new address after change is ordered send postage at rate of one-cent for each four ounces to postmaster at old address asking him to forward copies to new address.

WHEN COMPLAINT IS NECESSARY the probability is that the missing copies have been lost in the mails. Most publishers will make good such loss on receipt of prompt complaint.

COMPLAINTS OF NON-RECEIPT OF FIRST COPY on any subscription should be made to me by mentioning date given on other side of this card, with statement of complaint, giving name and address of subscriber and name of periodical.

COMPLAINTS OF NON-RECEIPT OF FUTURE NUMBERS after first copy has been received should be sent direct to publishers always giving subscriber's name and complete address, and statement that subscription was forwarded by my agency under date given on other side of this card.

DATE OF EXPIRATION ON ADDRESS LABELS is not usually changed giving credit for payment on monthly periodicals until second month, and on weekly periodicals until 5 or 6 weeks after renewal has been received by publishers.

Very truly yours,

D. D. COTTRELL, Pres.
